PRINTER/INK COMPATIBILITY

Asphalt Art is printable on UV-curable and Latex inkjet printers. As aluminum foil will hold its shape, special attention needs to be paid to the edges while loading and printing to prevent head strikes.

APPLICATION INSTRUCTIONS

Please refer to the Asphalt Art Application guide which you can download off the website: www.asphaltartusa.com

DURABILITY

Asphalt Art can be expected to last 3-12 months outdoors, without significant degradation provided their installation instructions are properly followed. The condition of the graphic may degrade faster than the actual material, depending on the surface and type of traffic (pedestrian or vehicle), it is exposed to. Exposure to excessive vehicle or machinery traffic, physical wear and tear, severe weather and vandalism will severely limit life expectancy.
