- Presentations and storyboards

PRINTER/INK COMPATIBILITY

Océ BC2S24 is recommended for use with pigment and dye inks. For a complete compatibility chart on our website go to: www.csa.canon.com

COLOR PROFILES

ICC color profiles will improve image quality and optimize ink limits for improved drytime, wider color gamut and more accurate color matching.

FINISHING RECOMMENDATIONS

Océ BC2S24 can be overlaminated with both thermal (max. 185° F.) and pressure sensitive laminates for additional scratch resistance and moisture protection when needed. Make sure that prints are completely dry prior to laminating.

This information is presented as a general guide and is not a performance guarantee. The user should independently determine prior to use the suitability of the material for the specific purpose.
