- Trade show graphics
- Retail signage

PRINTER/INK COMPATIBILITY

Océ Options OPTBPOLY is recommended for use with dye and pigment inks in most of today's inkjet printers. For a complete compatibility chart on our website go to:

www.csa.canon.com

PRINT LONGEVITY

- Outdoor life expectancy without noticeable fading - 4 months
- Indoor life expectancy without noticeable fading - 6 months

**Based on accelerated age testing. Actual results may vary based on use.*

FINISHING RECOMMENDATIONS

Océ Options OPTBPOLY can be overlaminated with both thermal (max. 185°F) and pressure sensitive laminates, for additional scratch resistance and moisture protection when needed. Make sure that prints are completely dry prior to laminating.

This information is presented as a general guide and is not a performance guarantee. The user should independently determine prior to use the suitability of the material for its intended application.
